Gerbera Class Blog

Week Ending 24th September 2021

This week Year Four, Gerbera Daisy class, have continued settling into their new classroom and routines. The Gerbera Daisies have got stuck into their topics in subjects across the curriculum which they have thoroughly enjoyed.

English

As our English topic comes to an end, this week year 4 have really enjoyed writing their final drafts of their Haiku and Tanka poems. They have all created some beautiful poems about different aspects of nature and they have had lots of fun performing and assessing their work.

Computing:

During our computing lessons the children have been learning about internet safety and specifically how to spot fake website. The Gerbera Daisies were very enthusiastic about creating their rules to spotting fake websites.

Art:

Year 4 are continuing their topic in art this week about local artist Tommy Leonard. Not only have the children experimented with creating different tones of colour, they have also been adding different features used in Tommy Leonards paintings such as vanishing points and horizontal lines. The Gerbera daisies are eagerly waiting for next week's art lesson when they can use paints to investigate the different sections of the colour wheel.
